

Career Pathways Program

The pathway that fits the way you learn

Are you an OSSC grad looking for job skills and a college education?

The Career Pathways Program offers a supportive and empowering postsecondary pathway to seek employment or consider further college education.

The program is focused on developing personal, social, academic and career-related strengths and skills.

Designed specifically for students with a learning disability, autism or mental health challenges who want to develop academic and career-ready skills for future postsecondary study and employment.

Your pathway. Your career. Your future.

 **MOHAWK**
FUTURE READY

Career Pathways

Do you have a learning disability and want to develop academic and career-ready skills for future postsecondary study and employment?

Program highlights

- Experience our new state-of-the-art computer support lab for one-on-one AT instruction and homework support.
- Benefit from a combination of in-class instruction, computer labs, lectures and unpaid employment placements.
- Develop new skills with the support of Learning Facilitators, Student Placement Support, Adaptive Technologist/Learning Skills Advisor and faculty.
- Obtain job skills through experiential learning in highly individualized 70-hour unpaid employment placements within the community.

What you'll learn

- Build academic and study skills for future post-secondary studies in over 40 different college programs.
- Enhance job skills for future employment.
- Learn adaptive technologies such as Kurzweil, Dragon, and Natural Reader to improve academic and workplace performance.
- Develop effective problem solving and critical thinking skills in social, academic and workplace settings.

Where you can go next

- Students and graduates are encouraged to speak to faculty or staff about pathways opportunities. Mohawk offers a diverse range of programs to further your studies**:
- Broadcasting – Radio (220)
- Educational Support (747)
- General Arts and Science (College Transfer) (230)
- General Arts and Science (University Transfer) (208)
- Health, Wellness and Fitness (268)
